INDEPENDENT AUDITOR'S REPORT

To
The Members of **Motilal Oswal Asset Management Company Limited**

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

1. Opinion

We have audited the accompanying Financial Statements of **Motilal Oswal Asset Management Company Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, its cash flows and changes in equity for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

3. Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors Report, but does not include the Financial Statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

4. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the

Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatement in the statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the statement may be influenced. We consider quantitative materiality and qualitative factors in; (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effects of any identified misstatements in the financial statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

6. Report on Other Legal and Regulatory Requirements

- i. As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

- ii. As required by section 143 (3) of the Act, based on our audit we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph h (vi) below on reporting under Rule 11(g)..
- c. The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this report are in agreement with the relevant books of account.
- d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, we request you to refer to our separate Report in "Annexure B" to this report.
- g. With respect to the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us the managerial remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on the financial position in its financial statements – Refer Note 29 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
 - iv. (a) The Management has represented that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.;

- (b) The Management has represented that no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances; nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v The company has declared and paid dividend during the year in conformity with the provision of Section 123 of Companies Act, 2013.
- vi. Based on our examination which included test checks, the company has used various software for maintaining its books of account, which has the feature of recording audit trail facilities and is operated throughout the year for all relevant transactions recorded in the respective software(s), except in the case of one software in which the audit log feature was enabled from 19th February 2024 and hence was not operational throughout the year.
As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Annexure A to the Independent Auditors' Report of even date on the financial statements of Motilal Oswal Asset Management Company Limited

Referred to in paragraph [7(ii)] under Report on Other Legal and Regulatory Requirements of our report of even date

According to the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) a) A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

B) The Company has maintained proper records showing full particulars of Intangible Assets.
- b) The Company has a program of physical verification of property, plant and equipment whereby all the items of property, plant and equipment are verified once in three years. The property, plant and equipment were physically verified during the financial year by the Management. No material discrepancies were noticed on such physical verification. In our opinion, the periodicity of the physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- c) The Company does not hold any immovable property (in the nature of 'property, plant and equipment'). Accordingly, the provisions of clause 3(i) (c) of the Order are not applicable.
- d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or Intangible Assets during the year.
- e) According to the information, explanations and representations given to us, no proceedings have been initiated or is pending against the Company during the year for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) a) The Company's business does not involve inventory and accordingly, paragraph 3(ii)(a) of the Order is not applicable to the Company.
- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company,
 - a) The Company has granted loans to Holding Company and other Companies covered under the register maintained under section 189 of the Companies Act 2013. Investment in mutual funds and Private equity of the Company are pledged as security for borrowings of holding company details respect to the same are specified in note 33. Refer the table below for details of loans given and security provided:

Amount (Rs. in lakhs)

Particulars	Guarantees	Security	Loans	Advance in nature of loans
Aggregate amount during the year				
- Holding Company	-	76,767	46,150	-
Balance outstanding as at balance sheet date				
- Holding Company	-	1,23,232	400	-

- b) In our opinion, the terms and conditions of the grant of all loans and investments pledged as security are not prima facie prejudicial to the Company's interest. Further, according to the information and explanations provided to us, the Company has not made any equity investments and has not provided any guarantees during the year.
- c) In respect of the loans given the same are repayable on demand. The Company has not granted advances in the nature of loans during the year to companies, firms, Limited Liability Partnerships or any other parties where the schedule of repayment of principal and payment of interest has been stipulated. Accordingly, the requirement to report on this is not applicable to the Company.
- d) As the loans given are repayable on demand and no advances in nature of loan were granted, reporting for paragraph 3 (iii) (d) will not be applicable to the Company.
- e) Basis the information and explanations provided to us, as the loans given are repayable on demand, there are no loan which has fallen due during the year which has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- f) Basis the information and explanations provided to us, the company has granted loans to holding company which are repayable on demand. Details of the same are mentioned below:

Annexure B to the Independent Auditors' Report of even date on the financial statements of Motilal Oswal Asset Management Company Limited

Referred to in paragraph [7(ii)(f)] under Report on Other Legal and Regulatory Requirements of our report of even date

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting with reference to the Financial Statements of Motilal Oswal Asset Management Company Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024 based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India.

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

1. Corporate information

Motilal Oswal Asset Management Company Limited ("MOAMC" or the "Company") was incorporated on 14 November 2008. The registered and corporate office of the Company is situated at Motilal Oswal Tower, Rahimtullah Sayani Road, Opposite Parel ST Depot, Prabhadevi, Mumbai-400 025.

The Company's principle activity is to act as an Investment Manager and provide, investment management and administrative services to the Schemes of Motilal Oswal Mutual Fund ('the Fund'), to provide Portfolio Management Services ('PMS') to clients, investment management services to Alternate Investment Funds and provide investment advisory services to offshore funds.

The Company is registered with Securities and Exchange Board of India ("SEBI") under SEBI (Mutual Fund) Regulations, 1996, SEBI (Portfolio Managers) Regulations, 1993 and SEBI (Alternative Investment Funds) Regulations, 2012.

These financial statements contain financial information of the company and were authorised for issue by board of directors on 24 April 2024.

2. Material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

2.1. Basis of preparation

(i) Compliance with Ind AS

The financial statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Accounting policies have been applied consistently over all the periods presented in these financial statements.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial instruments are measured at fair value.
- Assets held for sale – measured at fair value less cost to sell;
- Defined benefit plans – plan assets measured at fair value; and
- Share based payments – fair value as on the grant date

(iii) Preparation of financial statements

The Company is covered in the definition of Non-Banking Financial Company as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. As per the format prescribed under Division III of Schedule III to the Companies Act, 2013 on 11 October 2013, the Company presents the Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the order of liquidity. A maturity analysis of recovery or settlement of assets and liabilities within 12 months after the reporting date and more than 12 months after the reporting date is presented in note 31.

(iv) Use of estimates and judgements

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

The preparation of financial statements in conformity with Ind AS requires management to make estimates, judgements, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognized in the period in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods. The estimates and judgements that have significant impact on carrying amount of assets and liabilities at each balance sheet date are discussed at note 3.

2.2. Revenue Recognition

The company recognizes revenue from contract with customers based on five step model as set out in Ind AS 115- "Revenue from Contract with customers" to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with customers. Revenue from contract with customers recognized when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

(i) Portfolio management fee income

Performance obligations are satisfied over a period of time and portfolio management fees are recognized in accordance with the Portfolio Management Agreement entered with respective clients, which is as follows:

- a) Processing fees is recognized on upfront basis in the year of receipt;
- b) Management fees is recognized as a percentage of the unaudited net asset value at the end of each month;
- c) Return based fees is recognized as a percentage of annual profit, in accordance with the terms of the agreement with clients on the completion of the period.

(ii) Mutual fund management fee income

Performance obligations are satisfied over a period of time and mutual fund management fee is recognized on monthly basis in accordance with Investment Management Agreement and SEBI (Mutual Fund) Regulations, 1996, based on daily average assets under management (AUM) of the Schemes of Motilal Oswal Mutual Fund.

(iii) Alternative investment fund management fee income

Performance obligations are satisfied over a period of time and alternate investment management fee is recognized on monthly basis in accordance with Private Placement Memorandum.

(iv) Investment advisory fees

Performance obligations are satisfied over a period of time and investment advisory fee is recognized on monthly basis in accordance with the terms of the contract with the clients.

(v) Dividend income

Dividend income is recognized in the statement of profit or loss on the date that the Company's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the shareholders approve the dividend.

(vi) Interest income

Interest income from financial assets, is recognised on a time proportion basis, taking into account the amount outstanding and the rate applicable.

2.3. Distribution cost

Portfolio Management Services

Distribution cost for Portfolio Management Services are charged to Statement of Profit and Loss on accrual basis. Upfront distribution cost paid till 30th September 2020 is amortised over the contractual period. On this account, an asset (prepaid expenses) is recognised at the time of actual payment or becoming due for payment and charged evenly to the Statement of Profit and Loss over the commitment period of the respective investor.

Alternate Investment Fund Services

Distribution cost for Alternate Investment Fund Management Services are charged to Statement of Profit and Loss on accrual basis. Upfront distribution cost paid till 30th April 2023 is amortised over the contractual period. On this account, an asset (prepaid expenses) is recognised at the time of actual payment or becoming due for payment and charged to the Statement of Profit and Loss over the period of the scheme.

Fund related expenses

New fund offer expenses

Expenses relating to initial issue of Mutual Fund Schemes of the Fund are charged to the Statement of Profit and Loss in the year in which such expenses are incurred which is in compliance with SEBI (Mutual Funds) Regulations, 1996

Expenses of schemes of Mutual Fund, in excess of the stipulated rates (if any), are required to be borne by the Company in accordance with the requirements of SEBI (Mutual Fund) Regulations, 1996, and as such, are charged to profit & loss account.

2.4. Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Current Tax:

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax:

Deferred tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries and associates where the Company is able to control the timing of the

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.5. Leases

For any new contracts entered into on or after 1 April 2019, the Company considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'. The Company assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

Measurement and recognition of leases as a lessee

The Company has adopted Ind AS 116 "Leases" using the cumulative catch-up approach. Company has recognised Right of Use assets as at 1 April 2019 for leases previously classified as operating leases and measured at an amount equal to lease liability (adjusted for related prepayments/ accruals). The Company has discounted lease payments using the incremental borrowing rate for measuring the lease liability.

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

When the Company revises its estimate of the term of any lease, it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right of use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in statement of profit and loss.

For contracts that both convey a right to the Company to use an identified asset and require services to be provided to the Company by the lessor, the Company has elected to account for the entire contract as a lease, i.e., it does allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

2.6. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.7. Financial instruments

Initial recognition and measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognized for financial assets measured at amortized cost.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

- a) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
- b) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortize¹ over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realized through settlement.

When the Company revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in profit or loss.

Fair value of financial instruments:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value measurements under Ind AS are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurement are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs) that the Company can access at measurement date.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 31.

Financial assets

(i) Classification and subsequent measurement

The Company has applied Ind AS 109 "Financial Instruments" and classifies its financial assets in the following measurement categories:

- Fair value through profit or loss (FVTPL);
- Fair value through other comprehensive income (FVOCI); or
- Amortised cost

1. Financial assets carried at amortised cost

Financial assets are measured at amortised cost if both the following conditions are met:

- The asset is held with the business model whose objective is to hold asset for collecting contractual cash flows; and
- Contractual terms of the asset give rise on a specified dates to cash flows that are solely payments of principle and interest (SPPI) on the principle amount outstanding. After initial measurement, such financial assets are subsequently measured at amortised cost using effective interest rate (EIR) method. Amortised cost calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

Investments in subsidiaries, joint ventures and associates are recognised at cost as per Ind AS 27. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations, when they are classified as held for sale.

2. Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as revenue from operations in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

3. Investments in mutual funds and private equity funds

Investments in mutual funds and private equity funds are measured at fair value through profit and loss (FVTPL).

(ii) Impairment

The Company recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at FVTPL:

ECL are probability-weighted estimate of credit losses. They are measured as follows:

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

- Financial assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk - as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off/fully provided for when there is no reasonable of recovering a financial assets in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

(iii) **Derecognition**

A financial asset is derecognised only when:

The Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial liabilities

(i) **Initial recognition and measurement**

All financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs.

(ii) **Subsequent measurement**

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

(iii) **Derecognition**

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

2.8. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.9. Financial guarantee contracts and loan commitments

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to banks, financial institutions and others on behalf of customers to secure loans, overdrafts and other banking facilities.

Financial guarantee contracts are initially measured at fair value and subsequently measured at the higher of:

- The amount of the loss allowance; and
- The premium received on initial recognition less income recognized in accordance with the principles of Ind AS 115.

2.10. Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition and installation of the assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful life prescribed under Schedule II to the Companies Act, 2013. The Company provides pro-rata depreciation from the date of installation till date the assets are sold or disposed. Leasehold improvements are amortised over the term of underlying lease.

Assets	Useful life
Leasehold Improvements	Over the primary lease period or useful life, whichever is less.
Furniture and Fixtures	10 years
Office Equipments	5 years
Computers	3 years
Vehicles	8 to 10 years

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.11. Intangible assets

Measurement at recognition:

Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow to the Company and its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment, if any.

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

Expenditure incurred on acquisition/development of intangible assets which are not put/ready to use at the reporting date is disclosed under intangible assets under development. The Company amortizes intangible assets on a straight-line basis over the five years commencing from the month in which the asset is first put to use. The Company provides pro-rata amortization from the day the asset is put to use.

Asset	Useful life
Computer Software	5 years

Derecognition:

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized

2.12. Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount of assets is the higher of its value in use and its fair value. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to it. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation and amortization, if no impairment loss had been recognized.

2.13. Provisions and contingencies:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.14. Employee benefits

- (i) Short-term obligations

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered. The Company recognises the costs of bonus payments when it has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

(ii) Post-employment obligations

Defined contribution plan:

Contribution paid/payable to the recognised provident fund, which is a defined contribution scheme, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan:

Gratuity is post-employment benefit and is in the nature of defined benefit plan. The liability recognised in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognised actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(iii) Other long-term/short-term employee benefit obligations

Heritage club benefit

Heritage club benefits are recognised as liability at the present value of defined benefits obligation as at the Balance Sheet date. The defined obligation benefit is calculated at the Balance Sheet date by an independent actuary using the projected unit credit method.

Compensated absences

The Company does not have a policy of encashment of unavailed leaves for its employees but are permitted to carry forward subject to a prescribed maximum no. of days. Provision is made for expected cost of accumulating compensated absences as a result of unused leave entitlement which has accumulated as at the balance sheet date.

2.15. Share-based payments

Employee Stock Option Scheme (ESOS)

The Employees Stock Options Scheme ("the Scheme") has been established by the Company. The Scheme provides that employees are granted an option to subscribe to equity share of the Company that vest on the satisfaction of vesting conditions. The fair value of options granted under ESOS is recognized as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined reference to the fair value of the options granted excluding the impact of any service conditions. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 42.

The total expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the service conditions. It recognizes the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

The stock options of the holding Company, granted to employees pursuant to the Company's Stock Options Schemes, are measured at the fair value of the options at the grant date as per Black and Scholes model. The fair value of the options is treated as discount and accounted as employee compensation cost, with a corresponding increase in other equity, over the vesting period on a straight line basis. The amount recognised as expense in each year is arrived at based on the number of grants expected to vest. If a grant lapses after the vesting period, the cumulative discount recognised as expense, with a corresponding increase in other equity, in respect of such grant is transferred to the General reserve within other equity.

2.16. Foreign currency translation

(i) Functional and presentation currency

Items included in financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is MOAMC's functional and presentation currency.

(ii) Translation and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognized in other comprehensive income.

2.17. Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

2.18. Dividends

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.19. Earnings per share

a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity share holders of the Company by the weighted average

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year.

b) Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

2.20. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker of the Company.

The power to assess the financial performance and position of the Company and make strategic decisions is vested in the managing director who has been identified as the Chief Operating Decision Maker.

The primary business of the Company comprises of "Asset management and advisory" and "Fund based activities". The business segments have been identified considering the nature of services, the differing risks and returns, the organization structure and the internal financial reporting system. Asset management and advisory includes fee based services for management of assets. Fund based activities includes investment activities in non - current investment of mutual funds and private equity funds.

2.21. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirements.

2.22. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

2.23. Recent accounting development

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3. Key accounting estimates and judgements

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

Motilal Oswal Asset Management Company Limited
Summary of material accounting policies and other explanatory information

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

(a) Provision and contingent liability: On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Contingent losses that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

(b) Allowance for impairment of financial asset: The Company recognises loss allowances for expected credit loss on its financial assets measured at amortised cost. At each reporting date, company assess whether financial assets carried at amortised cost are credit impaired. Financial assets are credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial assets have occurred.

(c) Recognition of deferred tax assets - Deferred tax assets are recognised for unused tax-loss carryforwards and unused tax credits to the extent that realisation of the related tax benefit is probable. The assessment of the probability with regard to the realisation of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future.

(d) Defined benefit plans - The cost of defined benefit plans and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long - term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(e) Stock based compensation - The Company account for stock-based compensation by measuring and recognizing as compensation expense the fair value of all share-based payment awards made to employees based on estimated grant date fair values. The determination of fair value involves a number of significant estimates. The Company uses the Black Scholes option pricing model to estimate the value of employee stock options which requires a number of assumptions to determine the model inputs. These include the expected volatility of Company's stock and employee exercise behavior which are based on historical data as well as expectations of future developments over the term of the option. As stock-based compensation expense is based on awards ultimately expected to vest. Management's estimate of exercise is based on historical experience but actual exercise could differ materially as a result of voluntary employee actions and involuntary actions which would result in significant change in our stock-based compensation expense amounts in the future.

(f) Property, plant and equipment and Intangible Assets - Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Company's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

(g) Leases - The Company evaluates if an arrangement qualifies to be a lease as per Ind AS 116.

- The Company determines lease term as a non-cancellable period of a lease, together with both the period covered by an option to extend the lease if the Company is reasonably certain to exercise lessee options.

- The determination of the incremental borrowing rate used to measure lease liabilities.

Nature and Purpose of Reserves

Retained Earnings

Profit and loss pertain to the accumulated earnings / losses made by the company over the years.

Employee Stock Option Plan Reserve

Employee stock option plan reserve has been transferred to general reserve.

Securities Premium

Security Premium pertains to shares issued more than its face value during the year.

General Reserve

The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to statement of profit and loss.

Summary of material accounting policies and other explanatory information
(All amounts are in INR Lakhs, unless otherwise stated)

Note : 28.1 Tax expense

The Company pays taxes according to the rates applicable in India. Most taxes are recorded in the income statement and relate to taxes payable for the reporting period (current tax), but there is also a charge or credit relating to tax payable for future periods due to income or expenses being recognised in a different period for tax and accounting purposes (deferred tax). Tax is charged to equity when the tax benefit exceeds the cumulative income statement expense on share plans. The Company provides for current tax according to the tax laws of India using tax rates that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in tax returns in respect of situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities. Deferred tax is provided, using the balance sheet method, on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax is recognised in respect of all temporary differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. A deferred tax asset is recognised when it is considered recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as probable that there will be suitable taxable profits against which carried forward tax losses can be set off and from which the future reversal of underlying temporary differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the temporary differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

I. Fair value hierarchy

The fair values of the financial assets and liabilities are recognized at the amount that would be received to sell an asset or paid to transfer a

Level 1: Level 1 hierarchy includes financial instruments measured using unadjusted quoted prices. For example, listed instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

II. Valuation techniques used to determine fair value

Significant valuation techniques used to value financial instruments include:

- Mutual fund - net asset value of the scheme
- Private equity investment fund - NAV of the audited financials of the funds.

Investment includes investment in mutual funds, private equity fund (PE), real estate fund (RE) and equity shares, which are categorised as

Note : 32 Financial risk management

The Company is exposed primarily to fluctuations in credit, liquidity and price risk which may adversely impact the fair value of its financial instrument. The Company has a risk management policy which covers risk associated with the financial assets and liabilities. The focus of the risk management is to assess the unpredictability of the financial environment and to mitigate potential adverse effect on the financial performance of the company.

The Company's principal financial liabilities comprises of trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, receivables and cash and cash equivalents that derive directly from its operations.

A Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relations to such limits.

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the financial statements. The Company's major classes of financial assets are cash and cash equivalents, loans to employees, investment in mutual fund units, investment in private equity fund, trade receivables and other financial assets.

Balances with banks are considered to have negligible risk or nil risk, as they are maintained with high rated banks/financial institutions as approved by the Board of directors.

The management has established accounts receivable policy under which customer accounts are regularly monitored. The Company has a dedicated risk management team, which monitors the positions, exposures and margins on a continuous basis.

For trade receivables Company applies 'simplified approach' which requires expected 12 month ECL. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. The Company has determined based on historical experience and expectations that the ECL on its trade receivables is to be recognised at INR

At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

Age of receivables that are past due:

Particulars	As at 31 March 2024	As at 31 March 2023
Upto 6 months	10,403	5,197
6 - 12 months	84	50
More than 12 months	97	6
Total	10,584	5,253

B Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities viz. Trade payables, borrowings and other financial liabilities.

Liquidity risk management

The Company's management is responsible for liquidity and funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(C) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Foreign currency risk, interest rate risk and price risk.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not exposed to foreign currency risk as it does not have any material payables or receivables in foreign currency.

(ii) Interest rate risk

Interest rate risk arises from the sensitivity of the financial liabilities to changes in market rate of interest. The Company is not exposed to interest rate risk as it does not have any borrowings or any investments with fluctuating interest rate.

(iii) Price risk

The company is exposed to price risk from its investment in mutual funds & private equity fund, classified in the balance sheet at fair value through profit and loss. The investments held by the Company are ancillary to the investment management business objective. The investment in long term mutual fund is for high-RoE opportunities. They also serve as highly liquid "resources" available for future investments in business, if required.

Particulars	As at 31 March 2024	As at 31 March 2023
