State of the Company's Affairs :

Industry Structure and Developments:

The mutual fund industry continues to be amongst the most regulated industries with an active and informed distributor and investor community. SEBI placed utmost emphasis on transparency and disclosure requirements by bringing more information in the public domain, primarily on Company & AMFI websites.

In FY 2022-23, the Mutual Fund industry witnessed good inflows across various equity schemes. The industry witnessed a strong net equity sale of ₹2.91 Lakh Crore in FY 2021-22 through new fund offerings and existing funds. A significant proportion of these inflows have been contributed through the launch of new schemes by various mutual funds across

different categories. Approximately ₹1.08 Lakh Crore have been raised through New Fund Offers (NFOs), out of which around ₹85,000 Crore was in equity NFOs. Retail participation from both T30 (Top 30 cities) and B30 (Beyond Top 30 cities) cities has remained strong during this Year.

Industry Outlook:

- The Industry Average Assets under Management (AAUM) for the quarter ended on March 31, 2023 reached ₹39.42 Lakh Crore recording a growth of 4.9% over the same period last year. Corresponding AAUM for the quarter ended March 31, 2022 was ₹37.56 Lakh Crore.
- Industry Equity AAUM stood at ₹15.23 Lakh Crore for the quarter ended March 31, 2023 growing by 10.8% over the same period last year. Corresponding Equity AAUM for the quarter ended March 31, 2022 was ₹13.73 Lakh Crore.
- As on March 31, 2023, the total number of mutual fund folios stood at 14.57 Crore versus 12.95 Crore on March 31, 2022, an increase of 12.52% year-on-year.
- The overall mutual fund investment as on March 31, 2023 from B30 cities at ₹ 6.84 lakh cr, was 17% of the overall AUM.
- The continuous promotion of Systematic Investment Plans (SIPs) has created significant momentum in monthly SIP contributions. Industry SIP book size stands at ₹14,276 Crore in March 2023 as compared to ₹12,328 Crore in March 2022.

Your Company continues to leverage its technology-driven and customer-centric approach to simplify investing in Navi Mutual Fund. Your Company would continue to focus on educating the general public about mutual funds and launching simple and cost-effective mutual fund schemes, while promoting benefits of disciplined long-term investment.

Change in nature of business:

There is no change in the nature of business in which the Company operates.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013:

Your Company has constituted Internal Complaints Committees pursuant to the provisions of The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 to deal with the complaints relating to sexual harassment of women employees of your Company. No Internal Complaints Committee Meeting was required to be held during the year.

The Annual Report under the "Sexual harassment of women at workplace (prevention, prohibition and redressal) Act, 2013", for year ended on March 31, 2023, as follows:

The Committee has not received any complaint of sexual harassment from any of the employees during the year under review.

Risk Management:

Our Company has developed a comprehensive Risk Management Framework to effectively manage key risks. This framework aligns with our business needs and relevant legal and regulatory requirements. It provides guidance with respect to management for all risks relevant for the AMC and the schemes of Navi Mutual Fund. To ensure an effective and integrated framework, the AMC has defined three lines of defence, viz. First Line of Defence comprises the CXOs / Function Heads; Second Line of Defence comprises oversight functions viz. Risk Management, Compliance and Internal Auditor; and the Third Line of Defence is the External Auditor.

The Risk Management Committee and Audit Committee are responsible for overseeing the risk management framework, reviewing the key risks and mitigation strategies, and ensuring the effectiveness of risk management policies and procedures. The Management also ensures the risk management framework is effectively implemented within all areas of respective functions.

Risk assessment and mitigation strategies are an integral part of the risk framework within each function. The key risks covered are Investment Risk, Credit Risk, Liquidity Risk, Operational Risk, Compliance Risk, Reputation Risk, Talent Risk, and Business Continuity and Disaster Recovery Management.

Overall, risk management is a collective responsibility, from the Board to individual employees. Risks are primarily managed by the business function transacting the business. All employees are actively engaged in risk management within their own areas of responsibility and are expected to manage those risks.

The Board will have the discretion to retain the Director, KMP, Senior Management Personnel in the same position / remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

PART – C

Policy relating to the remuneration for the Directors, KMP and Senior Management Personnel:

General:

1. To ensure that the level and components of remuneration is reasonable and sufficient to attract, retain and motivate Directors, KMP and other employees of the quality required to run the Company successfully.
2. To ensure that the relationship of remuneration to performance is clear and meets appropriate performance benchmarks which are unambiguously laid down and communicated.
3. Remuneration packages should involve a balance between fixed and incentive pay (as far as practical and implementable), reflecting short- and long-term performance objectives appropriate to the Company's working and goals.

4. The remuneration / compensation / commission etc. to the Directors will be determined by the Committee and recommended to the Board for approval and shall be subject to the approval of the shareholders of the Company and Central Government, wherever required and shall be in accordance with provisions of the Companies Act, 2013, and the rules made thereunder.
5. Revisions to the existing remuneration / compensation structure may be recommended by the Committee to the Board which should be within the slabs approved by the Shareholders in the case of Managing Director & CEO.
6. Where any insurance is taken by the Company on behalf of its Managing Director & CEO, Chief Financial Officer, the Company Secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.
7. The trend prevalent in the similar industry and nature and size of business will be kept in view and given due weightage to arrive at a competitive quantum of remuneration.
8. To ensure consistent application of remuneration parameters across the organization.
9. No Director/KMP/other employee will be involved in deciding his/her own remuneration.
10. A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.

Remuneration to Managing Director & CEO

The Managing Director & CEO shall be eligible for a monthly remuneration as may be approved by the Nomination & Remuneration Committee, Board of Directors and Shareholders in accordance with the statutory provisions of the Companies Act, 2013 and the rules made thereunder for the time being in force and as may be amended from time to time.

The breakup of the pay scale and quantum of perquisites including, employer's contribution to P.F, pension, medical expenses, club fees, vehicle related expenses, etc. shall be decided and approved by the Board on the recommendation of the Committee and approved by the shareholders.

Minimum Remuneration to Managing Director & CEO:

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managing Director & CEO in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the previous approval of the Central Government.

Provisions for excess remuneration:

If the Managing Director & CEO draws or receives, directly or indirectly by way of remuneration any such sums more than the limits prescribed under the Companies Act, 2013 or without the prior sanction of the Central Government, where required, he / she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it unless permitted by the Central Government.

Annual Performance Bonus:

The Managing Director & CEO will also be entitled to an Annual Performance Bonus for each financial year, which shall be approved by the Nomination & Remuneration Committee and the Board of Directors, at the end of every financial year, before disbursement of such amount.

This bonus will be linked to the performance of the Company and the evaluation of the performance of the Managing Director & CEO by the Board of Directors.

Remuneration to KMPs and Senior Management personnel:

The remuneration package of KMPs and Senior Management personnel shall be composed of amounts that are fixed and variable and the endeavour of the Committee and the Board shall be to strike a balance between the fixed and variable components and thereby promote sustainable value for the Company.

Fixed Pay:

The fixed component of remuneration shall be determined according to trends prevalent in the similar industry, role and responsibilities of the employee, analysis of the complexities of the position, relevant laws and regulations, and scale of business relating to the position. It should be ensured that the structure is tax efficient for the employees.

The fixed component reflects the core performance requirements and expectations of the Company and is a reward for performance of day-to-day activities.

Variable Pay:

The variable component will consist of performance based or incentive based payments to the employees. In addition to the fixed remuneration, the Company shall implement a system of bonuses and incentives reflecting performance objectives appropriate to the working of the Company and designed to lay emphasis on direct relationship between performance and remuneration.

The performance-based remuneration shall be proportionate to and contingent upon the attainment of specific performance targets by the employees in the Company. There shall be a Company scorecard which will comprise of functional goals and organisational profit before tax goals. It shall be determined considering factors such as performance of the employee, time

and efforts devoted, value addition, conduct of the employee, position and role and responsibilities and shall be calculated as a percentage of the fixed remuneration.

The performance-based remuneration impels employees to achieve specific predetermined goals during a financial year.

Remuneration to Non- Executive / Independent Directors:

- (i) The remuneration payable to each Non-Executive Director/Independent Director is based on the remuneration structure as determined by the Nomination and Remuneration Committee or Board as revised from time to time subject to the provisions of the Articles of Association, Sections 149, 197 read with rules thereunder, and Schedule V of the Companies Act, 2013 and other applicable provisions.
- (ii) As per the provisions of Section 149 (9), the applicable provisions of Section 197 (including, without limitation, 197(1), 197(3), 197(5) and Schedule V) of the Companies Act, 2013 Non-Executive Directors/Independent Directors can receive remuneration as follows:
 - a. As per section 149(9) and section 197(5) of the Companies Act, 2013 read with rules therein including amendments thereof, Non-Executive Directors/Independent Directors may receive sitting fees and reimbursement of expenses for attending meetings of the Board or Committee thereof.
 - b. Additionally, Non-Executive Directors/Independent Directors shall be entitled to remuneration either as profit-related commission or as remuneration where the Company does not have profits / has inadequate profits subject to a cap of INR 17,00,000/- per annum, which may be increased by shareholders by way of special resolution in compliance with the provisions of the Companies Act, 2013 (as amended from time to time).

The final amount of remuneration payable to Non-Executive Directors will be decided in consultation with the Chairman of the Board subject to the above limits.

The sitting fees paid to Independent Directors shall not be less than the sitting fees payable to other Directors.

Review

In case of any subsequent changes in the provisions of the Companies Act, 2013 or any other regulations which makes any of the provisions in the policy inconsistent with the Act or regulations, then the provisions of the Act or regulations would prevail over the policy and the provisions in the policy would be modified to make it consistent with law.

This policy shall be reviewed by the Nomination & Remuneration Committee as and when any changes are to be incorporated in the policy. Any such changes or modifications in the policy as recommended by the Nomination & Remuneration Committee shall be subject to the approval of the Board of Directors.

Independent Auditor's Report

To,
The Members,
Navi AMC Limited

Report on the Audit of the Ind-AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of M/s Navi AMC Limited ("the company"), which comprise the Balance sheet as at March 31, 2023, the statement of profit and loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of cash flow for the year then ended and notes to the Ind AS financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements for the year ended as at March 31, 2023, are prepared, in all material respects and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical responsibilities that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon. The Other information is expected to be made available to us after the date of our audit report.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If based on the work we have performed we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with Governance for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") and with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Company's internal financial controls. Under section 143(3)(i) of the Act, we are responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

“Annexure – A”

to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of NAVI AMC Limited of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal financial controls over financial reporting of M/s Navi AMC Limited ("the company") as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion considering the nature of business, size of operation and organization structure of the entity, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal

financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B

to the Auditors' Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of NAVI AMC Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment, right of use assets and Intangible Assets:
 - a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company does not have Intangible assets till date, thus, paragraph (i)(a)(B) of the order is not applicable to the company.
 - b. The Company has a program of verification of Property, Plant and Equipment, Right of Use assets so to cover all the items once every year which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, items of Property, Plant and Equipment and Right of Use assets were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies have been noticed on such verification.
 - c. The Company does not own any immovable property, thus, paragraph 3(i)(c) of the Order is not applicable to the Company.
 - d. The Company has not revalued any of its Property, Plant and Equipment and Intangible assets during the year.
 - e. No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. a. The company's business does not involve inventories and accordingly, the requirements of clause 3(ii)(a) of the said Order is not applicable to the company.
- b. The Company has not been sanctioned working capital limits at any point of time during the year, from banks or financial institutions and, accordingly the requirements under clause 3(ii)(b) of the Companies (Auditor's Report) Order, 2020 ("the order") are not applicable to the Company.
- iii. The Company has made investments in companies during the year. The Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:
 - a. During the year, the company has not provided loans or advances in the nature of loans, or stood guarantee, or provided security to any other entity. Accordingly, the requirements under Clause 3(iii)(a) of the Companies (Auditor's report) Order, 2020 ("the Order") are not applicable to the Company.
 - b. The investments made by the Company during the year are, in our opinion, prima facie, not prejudicial to the Company's interest. The Company has not provided guarantees loans or advances in the nature of loans or given security.
 - c. During the year, the Company has not provided loans or advances in the nature of loans. Accordingly, the requirements under clause 3(iii)(c) of the Companies (Auditors report) Order, 2020 ("the Order") are not applicable to the Company.
 - d. There are no amounts overdue in respect of loans or advances in the nature of loans outstanding as at the balance sheet date. Accordingly, the requirements under clause 3(iii)(d) of the Companies (Auditor's report) Order, 2020 ("the Order") are not applicable to the Company.
 - e. There are no loans or advances in the nature of loan granted which has fallen due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties. Accordingly the requirements under clause 3(iii)(e) of the Companies (Auditor's report) Order, 2020 ("the Order") are not applicable to the Company.
 - f. The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment. Accordingly, the requirements under paragraph 3(iii)(f) of the Companies (Auditor's report) Order, 2020 ("the Order") are not applicable to the Company.
- iv. The Company has not given Loans, guarantees, investments or securities which fall under the purview of Sections 185 and 186 of the Companies Act, 2013.
- v. The Company has not accepted deposits in accordance with the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under are not applicable to the Company. Thus, paragraph 3(v) of the order is not applicable to the Company.
- vi. The provisions relating to maintenance of cost records under section 148 of the Companies Act, 2013 are not applicable to the Company for the year.

vii. In respect of Statutory dues:

- a. According to the information and explanations provided to us and as per our verification of the records of the Company, in our opinion, the Company has been regular in depositing undisputed statutory dues including provident fund, employee's state insurance, income-tax, value added tax, service tax, goods and services tax & cess as applicable with the appropriate authorities. No statutory dues are outstanding as at the last day of the financial year concerned for a period of more than six months from the date they became payable.
- b. According to the information and explanations provided to us and as per our verification of the records of the Company, there are no disputed amounts of income tax or sales tax or service tax or duty of customs or duty of excise or value added tax or goods and services tax that have not been deposited with appropriate authorities as at March 31, 2023 other than stated below.

The Income tax Act, 1961	Income Tax	Commissioner of Income Tax (Appeals), Kolkata	AY 2018-19	Nil*

* There is no tax impact since the company had loss for these AY.

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix.
 - a. The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause (ix)(a) of the Order is not applicable to the Company.
 - b. The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 - c. The Company has not taken any term loan during the year and there are no unutilized term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the order is not applicable.
 - d. The Company has not raised any funds on short term basis during the year and hence, reporting under clause (ix)(d) of the Order is not applicable.
 - e. The Company did not have any subsidiary or associate or joint venture during the year and hence reporting under clause (ix)(e) of the Order is not applicable to the Company.
 - f. The Company did not have any subsidiary or associate or joint venture during the year and hence reporting under clause (ix)(f) of the Order is not applicable to the Company.
- x.
 - a. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
 - b. During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi.
 - a. No fraud by the Company or any fraud on the Company has been noticed or reported during the year.
 - b. No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government), during the year and upto the date of the report.
 - c. According to the information and explanations provided to us, no whistle-blower complaints were received during the year by the Company.
- xii. The Company is not a Nidhi company. Accordingly, paragraph 3(xii)(a) to 3(xii)(c) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

- xiv. a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered the internal audit report for Finance & Accounts for the year under audit, issued to the Company during the year and till date of our audit report, in determining the nature, timing and extent of our audit procedures.
- xv. The Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.

- xvii. The Company has incurred cash losses in the financial year of INR 195.55 million and also in the immediately preceding financial year of INR 196.12 million respectively.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit

report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

Also refer to the Other Information paragraph of our main audit report which explains that the other information comprising the information included in annual report is expected to be made available to us after the date of this auditor's report.

- xx. The company is not required to spend as per provisions of the Section 135 of the Companies Act 2013 for the year under audit. Thus, paragraph 3(xx)(a) and 3(xx)(b) of the Order is not applicable.

Notes to the standalone financial statements

for the year ended 31 March 2023

(All amount in ₹ Millions, unless otherwise stated)

Note 1 : Corporate and General Information

Navi AMC Limited (Formerly known as Essel Finance AMC Limited) ("the Company") is a subsidiary of Anmol Como Broking Private Limited, an entity incorporated in India. None of the securities issued by the Company are listed on any Stock Exchange. The registered office of the Company is at 7th Floor Vaishnavi Tech Square Iballur Village, Taluk, Begur, Hobli, Bangalore KA 560102 IN

The Company earns Asset Management Fees from investment management activities provided to the schemes of Navi Mutual Fund.

Note 2 : Significant Accounting Policies

i. Basis of preparation of Financial Statements

The financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The Company has consistently applied accounting policies to all periods. On March 24, 2021, the Ministry of Corporate Affairs (MCA) through a notification, amended Schedule III of the Companies Act, 2013 and the amendments are applicable for financial periods commencing from April 1, 2021. The Company has evaluated the effect of the amendments on its financial statements and complied with the same. Based on further amendments and clarifications to Schedule III, if any, the disclosures will be updated in the period in which such guidance is issued.

The financial statements of the Company for the period ended March 31, 2023 were approved for issue in accordance with the resolution of the Board of Directors on 25th April 2023.

ii. Basis of accounting

The Company maintains its accounts on accrual basis following the historical cost convention, except for certain financial instruments that are measured at fair values in accordance with Ind AS. Further, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations override the same requiring a different treatment.

iii. Presentation of Financial Statements

The Balance Sheet, Statement of Profit and Loss, Cash Flow Statement and Statement of Changes in equity

are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, Cash Flow Statement as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards.

iv. Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

This note provides an overview of the areas that involved a higher degree of judgement or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in the relevant note.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

A. Judgements in applying accounting policies

The judgements, apart from those involving estimations that the Company has made in the process of applying its accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of assets. The Company is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement. The management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period.

Notes to the standalone financial statements

for the year ended 31 March 2023

(All amount in ₹ Millions, unless otherwise stated)

B. Key source of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) Property, Plant and Equipment

Determination of the estimated useful lives of Property, Plant and Equipment and the assessment as to which components of the cost may be capitalized. Useful lives of Property, Plant and Equipment are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

b) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and attrition rate. The discount rate is determined based on the benchmark yields available on Government Securities as at the Valuation Date with terms matching that of the liabilities and the salary increase rates take into account inflation, seniority, promotion and other relevant factor for the estimated term of the obligations

c) Recognition of deferred tax assets / liabilities

A deferred tax asset / liabilities is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

d) Recognition and measurement of other provision

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at

the balance sheet date. The actual outflow of resources at a future date may therefore vary from the figure included in other provisions.

e) Discounting of long-term financial instrument

All financial instruments are required to be measured at fair value on initial recognition. In case of financial instruments which are required to subsequently measured at amortised cost, interest is accrued using the effective interest method.

v. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest million Rupees.

vi. Property, plant and equipment

Items of property, plant and equipment are measured at cost, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

vii. Depreciation / Amortisation

Depreciation on Property, Plant and Equipment is provided as per Schedule II of the Companies Act, 2013 on straight line method. Assets costing rupees five thousand or less are being depreciated fully in the year of addition/acquisition. Depreciation on Property, Plant and Equipment commences when the assets are ready for their intended use. Based on above, the estimated useful lives of assets for the current period are as follows:

Notes to the standalone financial statements

for the year ended 31 March 2023

(All amount in ₹ Millions, unless otherwise stated)

Category	Useful life
Computers, Hardware & Intangible Assets	3 years
Furniture & Fixture	10 years
Office Equipment	5 years
Vehicles	8 years
Improvement to leasehold or rented premises (including electrical installations)	The primary period of the lease term or 5 Years whichever is less

Depreciation methods, useful lives and residual values and are reviewed and adjusted as appropriate, at each reporting date.

viii. Intangible Assets

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the intangible assets.

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Computer software is capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of useful lives by straight line method for the useful life/rates specified in Schedule II to the Companies Act, 2013.

The assets' residual values, useful lives and method of depreciation are reviewed at each financial year end and are adjusted prospectively, if appropriate.

ix. Leases

The company has adopted IND AS 116, Leases, effective April 1, 2019 using modified retrospective approach of transition without restating the figures for prior periods.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use

assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is re-measured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The re-measurement normally also adjusts the leased assets. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets (assets of less than USD 5,000 in value). The Company recognises the lease payments associated with these leases as an expense over the lease term.

x. Foreign currency

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each closing date of the Company's monetary items at the closing rate are recognized as income and expenses in the period in which they arise. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of transactions. Non-monetary items that are measured at fair value in a foreign currency shall be translated into functional currency using the exchange rates at the date when the fair value was determined. Exchange differences are recognised in the statement of profit and loss.

xi. Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or CGU's net selling price or its value in use.

Notes to the standalone financial statements

for the year ended 31 March 2023

(All amount in ₹ Millions, unless otherwise stated)

Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in the statement of profit and loss.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

xii. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial Assets

Initial Recognition

The Company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss are added to the fair value on initial recognition.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in two broad categories:-

- Financial assets at fair value
- Financial assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial liabilities

Initial recognition

The company initially recognises borrowings, trade payables and related financial liabilities on the date on which they are originated.

All other financial instruments (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the company becomes a party to the contractual provisions of the instrument.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Notes to the standalone financial statements

for the year ended 31 March 2023

(All amount in ₹ Millions, unless otherwise stated)

xiii. Provisions and Contingencies

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not provided for and are disclosed by way of notes.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

xiv. Revenue recognition

i) Revenue from Contracts with Customers

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115, Revenue from contracts with customers, outlines a single comprehensive model of accounting for revenue arising from contracts with customers. The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115.

The Company has been appointed as the investment manager to Navi Mutual Fund. The Company receives investment management fees from the mutual fund which is charged as a percent of the Assets Under Management (AUM) and is recognized on accrual basis. The maximum amount of management fee that can be charged is subject to applicable SEBI regulations.

ii) Other Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding from customers or on the financial instrument and the rate applicable. Dividend income is recognised when the right to receive the dividend is established. Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability. Income on account of dividend is recognised when the right to receive is established.

The gains / losses on sale of investments are recognised in the Statement of Profit and Loss on the trade day and it is determined on FIFO ('first in first out') method.

xv. Borrowing Costs

Borrowing costs that are directly attributable to procurement or construction of Property Plant and Equipment's are capitalized as part of project cost. Other borrowing costs are recognized as expense in the period in which they are incurred.

xvi. Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit or loss attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period present

xvii. Cash & Cash Equivalents

Cash & Cash Equivalents comprise of cash on hand and balance lying in Current Accounts.

xviii. Employee Benefits

Short Term Employment benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Post Employment Employee Benefits

Retirement benefits to employees comprise payments to government provident funds and gratuity fund

Notes to the standalone financial statements

for the year ended 31 March 2023

(All amount in ₹ Millions, unless otherwise stated)

Defined Contribution Plans

The Company's contribution to defined contributions plans i.e. Provident Fund is recognised in the Statement of Profit and Loss in the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective Funds

Defined Benefit Plans

Gratuity liability is defined benefit obligation. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation by an independent actuary, using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in Other Comprehensive Income. Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.→

Actuarial gains/losses are recognized in the other comprehensive income.

xix. Employee stock option plan

Employees of the Company receive remuneration in the form of equity settled instruments from the Holding

Company, for rendering services. The cost of equity-settled transactions is determined by the intrinsic value at the date when the grant is made using an appropriate valuation model.

The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefit expense.

xx. Income Taxes

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the year is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year.

The company has not recognised the deferred tax assets on account of unabsorbed depreciation and carried

Notes to the standalone financial statements

for the year ended 31 March 2023

(All amount in ₹ Millions, unless otherwise stated)

forward losses, as they are not considered to be virtually certain of its realisation.

xxi. Scheme Expenses

Certain scheme related expenses and commission paid to distributors were being borne by the Company till October 22, 2018. These expenses had been charged in accordance with applicable circulars and guidelines issued by SEBI and Association of Mutual Funds in India (AMFI) and had been presented under the respective expense heads in the Statement of Profit and Loss.

Pursuant to circulars issued by SEBI in this regard, with effect from October 22, 2018, all of these expenses, by whatever name it may be called and in whatever manner it may be paid, are being borne by the respective schemes.

New Fund Offer (NFO) expenses on the launch of schemes are borne by the Company and recognised in the Statement of Profit and Loss as and when incurred.

xxii. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

For cash and other liquid assets, the fair value is assumed to approximate to book value, given the short term nature of these instruments. For those items with a stated maturity exceeding twelve months, fair value is calculated using a discounted cash flow methodology.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

xxiii. Recent accounting pronouncements.

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company is evaluating the amendment and its impact on the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company is evaluating the amendment and its impact on the financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company is evaluating the said amendment and its impact on its standalone financial statement.

31 Revenue from contracts with customers under Ind AS 115

(a) Indian Accounting Standard 115 Revenue from Contracts with Customers ("Ind AS 115"), establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts. Under Ind AS 115, revenue is recognised through a 5-step approach:

- Identify the contract(s) with customer;
- Identify separate performance obligations in the contract;

32 Leases

1) Company as a lessee

The Company has leases for office premises used in its business operations.

With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets.

The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. The Company is prohibited from selling or pledging the underlying leased assets as security. For leases over office buildings and other premises the Company must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

(a) Defined benefit plans

Company has defined benefit plan in terms of gratuity

Gratuity (Unfunded)

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method (PUC), which recognises each period of service giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Risks associated with plan provisions

Salary increases	Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

The following table sets out the status of the defined benefit schemes and the amount recognised in the financial statements:

(i) Amount recognised in the balance sheet is as under:

34 Share based payments

Under the Employee Share-option Plan (ESOP), introduced on 17 October 2019 by Navi Technologies Limited (herein referred to as the "Holding Company"), at its discretion, may grant share options of the Holding Company to any of the employees including employees of its wholly owned subsidiaries.

The options are to be granted to the eligible employees as per the eligibility criteria as determined by the Board/Compensation Committee at its sole discretion.

Under the plan, participants have been granted options which will vest as follows:

Scheme	Vesting Conditions	Exercise Price / Ratio	Exercise Period
Employee Share-option Plan (ESOP), 2019	Vested in a graded manner in not less than 1 year and not more than 5 years from the date of grant, subject to continuous employment with the company.	₹ 10/-Options: Shares = 1:1	Options are exercisable in one or more tranches within a period of 10 years from the date of vesting, failing which the options shall lapse.

The Stock compensation cost is computed under the fair value method and has been recognised on a straight line basis over the vesting period up to 31 March 2023.

Notes to the standalone financial statements

(All amount in ₹ Millions, unless otherwise stated)

34 Share based payments (Contd..)

For the year ended 31 March 2023, the Company has recorded stock compensation expenses of ₹ 4.17 millions. (31 March 2022 - ₹ 7.60 Million)

Particulars	No. of options 31 March 2023	No. of options 31 March 2022
Options outstanding at the beginning	8,29,160	-
Granted during the year ended	1,50,616	8,72,250
Lapsed during the year ended	(3,91,470)	(79,950)
Transfer (to)/in during the year ended (net)	13,85,803	36,860
Options outstanding at the end	19,74,109	8,29,160

The fair value of share options granted is estimated at the date of grant using a Black Scholes Merton model, taking into account the terms and conditions upon which the share options were granted.

The expected life used in the model has been adjusted, based on management's best estimate for the effects of non-transferability, exercise restrictions and behavioral considerations. The contractual term of the share options is ten years and there are no cash settlement alternatives for the employees. The Holding Company does not have a practice of cash settlement for these awards.

The assumptions used while computing fair value of options is as following:

Particulars	1 April 2022 - 31 March 2023	1 April 2021 - 31 March 2022
Fair value of the equity share as on grant date	₹ 38.31	₹ 38.20
Expected life of share options (years)	2.5 - 5.5	5.00
Expected volatility (%)	30.8% - 36.1%	29.6%
Dividend yield (%)	0.0%	0.0%
Risk-free interest rate (%)	6.6% - 6.9%	5.9%
Weighted average share price (INR)	₹ 10	₹ 10
Model used	Black Scholes Merton	Black Scholes Merton

Expected volatility during the expected life of the option can be estimated using historical volatility of the underlying asset observed during the period equivalent to the expected life of the option.

Pursuant to Board and Shareholder's resolutions dated 26 August, 2022 and 29 August, 2022, respectively to subdivide the holding company's authorised share capital from face value ₹100 per share to ₹10 per share. All shares and earnings per share information have been retrospectively adjusted to reflect the sub-division of shares.

B Fair values hierarchy

The fair value of financial instruments as referred to in note (A) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

B.1 Financial assets and liabilities measured at fair value - recurring fair value measurements

As at 31 March 2023	Level 1	Level 2	Level 3	Total

38 Financial Instruments (Contd..)

B.2 Fair value of instruments measured at amortised cost:

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 3 inputs:

Particulars	As at 31 March 2023		As at 31 March 2022	
	Carrying value	Fair value	Carrying value	Fair value
Financial assets				
Investments	6.74	6.74	286.26	286.26
Trade receivables	1.14	1.14	0.78	0.78
Cash and cash equivalents	48.78	48.78	21.45	21.45
Other financial assets	22.82	22.82	5.81	5.81
Total	79.48	79.48	314.30	314.30
Financial liabilities				
Lease liabilities	-	-	-	-
Trade payables	21.84	21.84	8.24	8.24
Other financial liabilities	84.28	84.28	69.35	69.35
Total	106.12	106.12	77.59	77.59

The management assessed that fair values of investments, cash and cash equivalents, other bank balances, trade receivables and trade payables approximate their respective carrying amounts, largely due to the short-term maturities of these instruments. The following methods and assumptions were used to estimate the fair values for other assets and liabilities:

- The fair values of the Company's fixed interest bearing loans and receivables are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at year end was assessed to be insignificant.
- The fair values of the Company fixed rate interest-bearing debt securities, borrowings and subordinated liabilities are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. For variable rate interest-bearing debt securities, borrowings and subordinated liabilities, carrying value represent best estimate of their fair value as these are subject to changes in underlying interest rate indices as and when the changes happen.

C Financial risk management

i) Risk Management

The Company's activities expose it to credit risk and liquidity risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Management
Credit risk	Cash and cash equivalents (other than cash), financial assets measured at amortised cost.	Highly rated bank deposits and diversification of asset base and collaterals taken for assets
Liquidity risk	Other financial liabilities	Availability of committed credit lines and borrowing facilities

The Company's risk management is carried out by a central treasury department (of the Company) under policies approved by the board of directors. The board of directors provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

38 Financial Instruments (Contd..)

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, loan assets, and other financial assets measured at amortised cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

a) Credit risk management

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- (i) Low credit risk on financial reporting date
- (ii) Moderate credit risk
- (iii) High credit risk

The Company provides for expected credit loss based on the following:

Nature	Assets covered	Basis of expected credit loss
Low credit risk	Cash and cash equivalents (other than cash), other bank balances, investments, loans and other financial assets.	12 month expected credit loss
Moderate credit risk	Nil	Life time expected credit loss or 12 month expected credit loss.
High credit risk	Nil	Life time expected credit loss fully provided for

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a borrower declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in Statement of Profit and Loss.

Financial assets that expose the entity to credit risk*

Particulars	As at 31 March 2023	As at 31 March 2022
(i) Low credit risk - Stage 1		
Investments	631.74	836.21
Trade receivables	1.14	0.78

(All amount in ₹ Millions, unless otherwise stated)

38 Financial Instruments (Contd..)

B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

(i) Financing arrangements

The bank overdraft facilities may be drawn at any time and may be terminated by the bank with notice.

(ii) Maturities of financial liabilities

The tables below analyse the Company financial liabilities into relevant maturity groupings based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows.

Total	77.59	-	-	-	77.59

All the financial liabilities of the Company (other than lease liabilities) are current in nature and are maturing within 12 months period.

C) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. It comprises of currency risk, interest rate risk and price risk.

a) Foreign currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company.

The Company does not have any significant or material foreign currency transactions hence the currency risk for all the financial assets and liabilities has been considered to be negligible by the management as at the closing date.

Notes to the standalone financial statements

38 Financial Instruments (Contd..)

b) Interest rate risk

As the Company does not have any long term borrowings outstanding or fixed rate deposits, hence it is not exposed to interest rate risk.

c) Price risk

i) Exposure

The Company's exposure price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit or loss. To manage the price risk arising from investments, the Company diversifies its portfolio of assets.

ii) Sensitivity

The table below summarises the impact of increases/decreases of the index on the Company's equity and profit for the year:
